

STATISTICS IN TRANSITION

new series

An International Journal of the Polish Statistical Association

CONTENTS

From the Editor	359
Submission information for authors	363

Sampling methods and estimation

Kubacki J., Jędrzejczak A. , Small area estimation of income under spatial SAR model	365
Shanker R. , Sujatha distribution and its applications	391
Wywial, J. L. , Estimation of mean on the basis of conditional simple random sample	411

Research articles

Al-Kandari N. M., Lahiri P. , Prediction of a function of misclassified binary data	429
Górecki T., Krzyśko M., Ratajczak W., Wołyński W. , An extension of the classical distance correlation coefficient for multivariate functional data with applications	449
Szulc A. , Changing mortality distribution in developed countries from 1970 to 2010: looking at averages and beyond them	467

Other articles:

Multivariate Statistical Analysis 2015, Łódź. Conference Papers

Balcerzak A. P., Pietrzak M. B. , Quality of institutions and total factor productivity in the European Union	497
Kubus M. , Locally regularized linear regression in the valuation of real estate	515
Kozera A., Głowicka-Wołoszyn R. , Spatial autocorrelation in assessment of financial self-sufficiency of communes of Wielkopolska province	525
Baszczyńska A. , Kernel estimation of cumulative distribution function of a random variable with bounded support	541

*Classification and data analysis –theory and applications, 2015, Gdańsk.
Conference papers*

Wanat S., Śmiech S., Papież M. , In search of hedges and safe havens in global financial markets	557
