

## CONTENTS

From the Editor .....	III
Submission information for authors .....	VII
<b>Invited papers</b>	
<b>Longford N. T.</b> , Unreported standard errors in meta-analysis .....	1
<b>Research articles</b>	
<b>Danish F., Rizvi S. E. H.</b> , Approximately optimum strata boundaries for two concomitant stratification variables under proportional allocation .....	19
<b>Gurgul H., Hastenteufel J., Wójtowicz T.</b> , Changes in the impact of US macroeconomic news on financial markets the example of the Warsaw Stock Exchange .....	41
<b>Agu F. I., Eghwerido J. T.</b> , Agu-Eghwerido distribution, regression model and applications .....	59
<b>Chakraborty S., Alizadeh M., Handique L., Altun E., Hamedani G. G.</b> , A new extension of Odd Half-Cauchy Family of Distributions: properties and applications with regression modelling .....	77
<b>Aslam M., Afzaal M., Bhatti M. Ishaq</b> , A study on exponentiated Gompertz distribution under Bayesian discipline using informative priors .....	101
<b>Osaulenko O., Bulatova O., Zakharova O., Reznikova N.</b> , The problem of statistical assessment of the potential for the development of regional integration processes .....	121
<b>Shanker R., Rahman U. H.</b> , The Type II Topp-Leone Frechet distribution: properties and applications .....	139
<b>Al-Olaimat N., Bayoud H. A., Raqab M. Z.</b> , Record data from Kies distribution and related statistical inferences .....	153
<b>Hassan A. S., Assar S. M. Ali K. A., Nagy H. F.</b> , Estimation of the density and cumulative distribution functions of the exponentiated Burr XII distribution .....	171
<b>Saran J., Pushkarna N., Sehgal S.</b> , Relationships for moments of the progressively Type-II right censored order statistics from the power Lomax distribution and the associated inference .....	191
<b>Research Communicates and Letters</b>	
<b>Jaworski S., Zielińska-Kolasińska Z.</b> , Towards a target employment rate within age and gender groups .....	213
In Memoriam Professor <b>Jan Kordos</b> .....	227
Congratulations to Professor <b>Partha Lahiri</b> .....	229
About the Authors .....	231
Acknowledgments to reviewers .....	237
Index of Authors .....	243
